HAGRID'S  
HUT

*Madam Makin's*  
**ROBES**  
For all occasions

WHOMPING  
WILLOW

QUIDDITCH  
FIELD

HOGWARTS EXPRESS

Attention Professors:

Please read the following message to all students:

Due to an unfortunate mishap in the Care of Magical Creatures class, all of our magical creatures have escaped onto the school grounds or into the Forbidden Forest. We need every student's help in recovering these creatures as soon as possible.

Classes are suspended until every creature has been found. All helpful students will be rewarded with a trip into Hogsmeade where they may pick two items from Honeydukes Sweetshop.

*Minerva McGonagall*

Minerva McGonagall,  
Deputy Headmistress

Following is a list of the missing creatures:

- 2 Wrackspurts (similar to giant bumblebees)
- 1 Indian Black Bat (an expert at camouflage—check in places that might match it's color)
- 3 Blast-ended Screws (similar to lobsters)
- 1 rare Red Scorpion (poisonous)
- 3 Heliopaths (Similar to Hermit Crabs)
- 8 Crumple-horned Snorkacks (recognizable by their prominent horn)
- 1 European Millipede
- 1 Giant Carnivorous Ant
- 1 Bibbering Humdinger (similar to a giant green cockroach)
- 15 Poison Dart Frogs
- 4 Boggarts (currently in the form of T-Rex dinosaurs—Don't look them in the eye, or they will transform!)

Fortunately, our giant did not get loose, but all of the live-stock we use to feed him is missing. Please also locate:

- 8 pigs
- 8 ducks
- 4 cows
- 5 sheep

Be sure to check Hagrid's Hut, the Whomping Willow, the Herbology Greenhouse, the Quidditch Field and the Forbidden Forest. (I have temporarily lifted the ban on students entering the forest. Be sure to travel in groups!)

## Practice Potion for the Beginner

---

**Potion to produce a gas with inflative properties:**

*Using a funnel, put 2 tsp crushed bezoar into a balloon. (Set aside.) Fill the bottom of your flask with 2 inches of acromantula venom. Carefully stretch the mouth of your balloon over the top of the flask. Gently lift the balloon to release the crushed bezoar into the flask.*

*If you mixed your potion properly, the balloon will inflate.*
